

ART in Nature

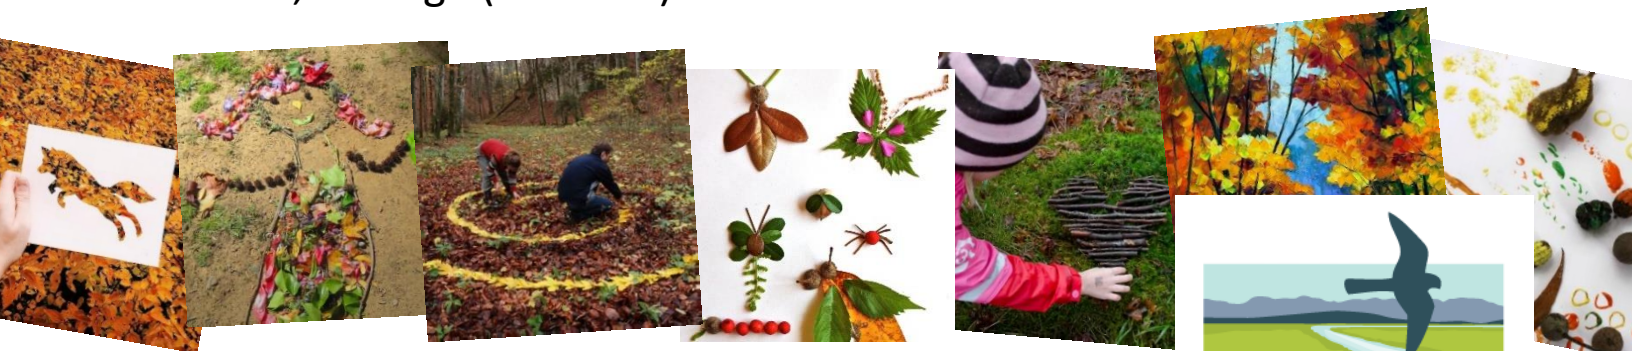

During this difficult time, we encourage you to find calm and creativity in nature. Spend some time outdoors and then create a nature-inspired piece of art from the experience. We will share your work with others in an online Art in Nature gallery on our website. Artists of all ages are welcome to submit art.

All forms of nature art are welcome:

- Create art in your own yard using natural materials like dry leaves, sticks, moss, rocks, feathers or found objects. *(Of course, please don't disturb live plants or animals!)*
- Make a sketch or a painting of something in nature.
- Create a collage of natural materials or found objects.
- Take an artful nature photograph.

How to submit your art:

1. Create!
2. Take a quality photo of your creation, and save as a JPG or PNG. Files size shouldn't exceed 10MB.
3. Email the photo to office@kestreltrust.org, with your full name, town, and age (if a child).

Submitted artworks will be showcased in the virtual gallery and may be used for marketing purposes by Kestrel Land Trust. Submissions may also be shared on Kestrel's social media pages. Artworks must not be watermarked by any external source, cannot have any company logos, trademarks or otherwise display copyrighted content which does not belong to the Participant. Personal logos and signatures are allowed. The submitted artwork must be original, owned by the Participant, and should in no way violate intellectual property rights. Kestrel reserves the right not to publicly display submissions that are offensive or contain adult content.
